School Pledge Starter Kit

Helping kids in central Indiana lead healthier, more active lives.
This Pledge Starter Kit is designed to help you develop a successful Action Plan to implement the Jump IN Pledge in your school. That Plan will help you understand what activities your school is already doing in support of these strategies and where you want to focus your efforts this year.

Getting Started Checklist

We are so excited that you have agreed to become a Jump IN Role Model for your students! We’re eager to help you get started to help your students lead healthy, active lives.

Review the list below and check off the steps as you complete them.

☐ We have assembled a Pledge Action Team to implement the Pledge in our school. (*This may be your school wellness council.*)

☐ We have made our school community (administrators, teachers, nutrition staff, students, parents and other stakeholders) aware of our participation in the Jump IN Pledge and our desire to become a Jump IN Champion.

☐ We are displaying the School Pledge in a prominent location.

☐ We have given students the chance to complete a Student 5-2-1-0 Pledge.

☐ We have 5-2-1-0 posters up in key locations, such as the front office, classrooms, cafeteria line and hallways.

☐ We have completed an Assessment of our policies and practices and have developed an Action Plan to implement healthy eating and physical activity strategies.

☐ We have reviewed our activities and completed the year end Progress Report.
Using The Website

The Jump IN Pledge website (www.JumpINPledge.org) is designed to help you take all the steps you need to fulfill the Pledge and become a Jump IN Champion.

Each Step provides tips and resources that correspond to specific Pledge commitments:

- **Step 2:** Eat & Drink Healthy
- **Step 3:** Get Active
- **Step 4** Teach Healthy Habits

**Please note:** You don’t have to complete each step in this order; you should choose to work on your strategies in the order that makes the most sense for your school.

On a regular basis, we’ll share new ideas and materials with you through our email newsletter and through our blog. You can also find the latest materials on our Resource page.
Why 5-2-1-0?

5: A diet rich in fruits and vegetables provides vitamins and minerals, important for supporting growth and development, and for optimal immune function in children. High daily intakes of fruits and vegetables among adults are associated with lower rates of chronic diseases such as heart disease, stroke, high blood pressure, and when total calories are controlled, may be an important aid to achieving and sustaining a healthy weight.

2: Watching too much television (TV) and use of other screen media is associated with an increased prevalence of overweight and obesity, lower reading scores, and attention problems. The American Academy of Pediatrics (AAP) recommends no more than 2 hours of screen time a day and that children under age 2 not watch any TV or other screen media. The AAP recommends keeping the TV and computer out of the bedroom.

1: Regular physical activity is essential for weight maintenance and prevention of chronic diseases such as heart disease, diabetes, colon cancer, and osteoporosis. While most school age children are quite active, physical activity sharply declines during adolescence. Children who are raised in families with active lifestyles are more likely to stay active as adults than children raised in families with sedentary lifestyles.

0: Sugar-sweetened beverage consumption has increased dramatically since the 1970s; high intake among children is associated with overweight and obesity, displacement of milk consumption, and dental cavities. The AAP recommends that children 1–6 years old consume no more than 4–6 ounces of 100% juice per day and youth 7–18 years old consume no more than 8–12 ounces. Water provides a low-cost, zero-calorie beverage option and is a healthy alternative to sugary drinks.

THE PLEDGE FOR
Schools

We support the mission of Jump IN for Healthy Kids, and we pledge to do our part to inspire children, youth and their families to lead healthy lives in our community:

› We will serve healthy meals and beverages in our cafeteria.

› We will promote healthy snacks in our classrooms, vending machines, concession stands and fundraisers.

› We will ensure that our students are physically active for at least 30 minutes during the school day.

› We will teach our students to make healthy choices, eat nutritious foods and be physically active.

› We will encourage parents and caregivers to promote healthy habits at home.

We pledge to be a place where children and their families have real opportunities to make healthy choices in a healthy environment.

SAMPLE LETTER TO FAMILIES ABOUT THE PLEDGE

[Date]

Dear Families:

Our school believes that all children deserve the opportunity to be healthy and successful. Healthy eating and physical activity improve concentration, memory, and mood, helping students become better learners.

To support healthy students and families, we have taken the Jump IN Pledge for Schools and will do our part to help students make healthy choices:

- We will serve healthy meals and beverages in our cafeteria.
- We will promote healthy snacks in our classrooms, vending machines, concession stands and fundraisers.
- We will ensure that our students are physically active for at least 30 minutes during the school day.
- We will teach our young people to make healthy choices to eat nutritious foods and be physically active.
- We will encourage parents and caregivers to promote healthy habits at home.

We are joining other schools, child care providers, youth organizations and out of school programs in promoting the 5-2-1-0 Every Day message:

5 or more fruits & vegetables
2 hours or less recreational screen time*
1 hour or more of physical activity
0 sugary drinks, more water

*Keep TV/Computer out of the bedroom. No screen time under the age of 2.

Your student will receive more information about 5-2-1-0 throughout the year. If you have any questions please don’t hesitate to contact us. If you would like more information about the Jump IN Pledge visit www.JumpInPledge.org. Thank you for your support in helping us create a healthier place for our students to learn!

Sincerely,

School Principal

Assessment/Action Plan/Progress Report

✓ Assess Your Current Activities and Policies
✓ Develop an Action Plan
✓ Chart Your Progress Toward Your Goals

You have your Pledge Action Team in place. You’ve told everyone that your school is a Jump IN Role Model dedicated to helping your students be healthy and active. You’re ready to become a Champion for your students.

✓ Assess Your Current Activities and Policies. Let’s get started by understanding where you’re already excelling, and where you need to focus more attention. The Jump IN Assessment helps you take that step by comparing your current activities with the best practices of schools like yours that share your commitment to your students’ health.

✓ Develop an Action Plan. When you find areas to work on, a downloadable Action Plan template will let you set concrete, realistic goals to work on in the coming school year, with help from the many tools and resources on the Jump IN Pledge website.

✓ Chart Your Progress. Finally, at the end of the year, you’ll be able to chart your Progress toward becoming a Jump IN Champion and earning recognitions and rewards for your efforts – small tokens of appreciation that recognize the greatest reward of all: your role in improving the health of your students!
School Assessment and Action Plan

Now that you’ve Made the Leap and taken the Jump IN Pledge, this Assessment and Action Plan will help you review your policies and practices to understand what activities your school is already doing and where you should focus your efforts.

This easy-to-use tool tells you what standards your school should meet to fulfill the five commitments of the Pledge, how to assess your current status, and whether you’ve hit the target—congratulations!—or have additional things to do.
# Eat and Drink Healthy

### Smarter Lunchroom™ techniques:
- □ Whole fruit options are displayed in attractive bowls or baskets (instead of chafing dishes or hotel pans)
- □ Sliced or cut fruit is available daily
- □ Daily fruit options are displayed in a location in the line of sight and reach of students
- □ All available vegetable options have been given creative or descriptive names
- □ Daily vegetable options are bundled into all grab and go meals available to students
- □ All staff members, especially those serving, have been trained to politely prompt students to select and consume the daily vegetable options with their meal
- □ White milk is placed in front of other beverages in all coolers
- □ Alternative entrée options (e.g., salad bar, yogurt parfaits, etc.) are highlighted on posters or signs within all service and dining areas
- □ A reimbursable meal can be created in any service area available to students (e.g., salad bars, snack rooms, etc.)
- □ Student surveys and taste testing opportunities are used to inform menu development, dining space decor, and promotional ideas
- □ Student artwork is displayed in the service and/or dining areas
- □ Daily announcements are used to promote and market menu options
